CHASEO recognizes the strength of our membership is reflected in the many cultures and identities represented within our co-ops. CHASEO encourages applications from these diverse communities.

Our Goal

The CHASEO Diversity Scholarship aims to recognize people living in co-ops who are actively promoting diversity through work within their community. We want to help them with their post-secondary education by providing scholarships.

The Scholarship

You could be eligible for a scholarship if you attend a publicly-funded Canadian college, university or approved apprenticeship-training program. We offer scholarships for students who are just graduating from high school or are enrolled in a post-secondary program, or are returning to school after a break to complete an undergraduate program.

Here is how the scholarship may be distributed if you are entering your first year:

	First-year	Second-year	Third-year	Fourth-year
Four-year program	\$2,000	\$1,000	\$1,000	\$1,000
Three-year program	\$2,000	\$1,000	\$1,000	N/A
Two-year program	\$2,000	\$1,000	N/A	N/A

If you are already attending college or university:

The scholarship is pro-rated for your undergraduate program. For example, someone partway through a program would be funded for the remaining years of that program.

Students will have to show us:

- they are already registered full time
- a transcript showing passing marks for the program
- accounts with the college or university are up to date

Starting in the second year, several colleges and universities provide additional money to CHASEO Diversity Scholarship winners. These scholarships average \$3,000 per student. (**Please note:** Some conditions apply. Recipients' average must meet standard requirements.)
